

ENERGY STAR® qualified clothes washers save energy, money, and help protect the environment.

Join the national effort to help use energy wisely. Buy appliances that have earned the ENERGY STAR. Only products delivering the highest level of energy efficiency are awarded the ENERGY STAR from the U.S. Environmental Protection Agency and the U.S. Department of Energy.

ENERGY STAR qualified clothes washers:

Can save up to \$110 per year on your utility bills, compared to models manufactured before 1994. *(Savings are estimated. Actual savings may vary.)*

Can save up to 25 gallons of water per load and use less detergent compared to a standard machine.

Reduce drying time and offer gentler cleaning action which creates less wear-and-tear on your clothes than most conventional models.

Save BIG.

By choosing ENERGY STAR qualified products you save money, energy and help protect the environment for generations to come.

Look for the ENERGY STAR.
